Note all afternoon classes are initially limited to 10 students. If there is enough interest, we will consider increasing the afternoon class size:

- Science Monday 11:30 - 2:45 p.m. \$80/month

Working through an interactive science journal we will delve into subjects such as: living/non-living, seasons, matter, the five senses, the water cycle and more. We will learn through observation, classification, and experimentation.

- Literacy Wednesday 11:30 - 2:45 p.m. \$80/month

We will begin with a children's book and continue with an activity linked to a literacy skill including phonemic awareness, letter recognition, writing, letter-sound relationships, and listening and reading comprehension.

- Art Friday 11:30 - 2:45 p.m. \$80/month

Using a variety of media we will create, experiment, and engage our creative minds and enhance our imaginations. Our focus will be placed on the process as we create. We will also become aware of the different illustrations in children's books as well as former and current artists and try out those techniques.
